Accrington

Dear Sir,

Christmas is a time for sharing and a time for giving. However, many people in our communities aren't as fortunate as others and don't always feel like celebrating Christmas. However, this can change when the actions of an individual or a group, a charity or a business act in a way which is seen by those less fortunate individuals as caring.

As such I am writing on behalf of the residents and staff of Inward House Supported Housing project to express my gratitude for the food donated by you towards the Christmas celebrations on the 22<sup>nd</sup> of December 2010.

This gesture of good will made the evening very special for all those concerned and we are extremely grateful for your kindness.

Thank you

Yours Sincerely,

I Ali MBE  
Housing Support Services Manager
