## Santa's Awarded Top UK Takeaway Honour

*Burnley Express – July 2004*

Santa's has scooped a prestigious top award. Santa's was nominated by customers for the award by customers for the award in the scheme run by Fleetwood-based Top UK takeaways.

Mr Tom Bowman, Top UK takeaway office manager, explained the award was judged on the quality of food standard of service and value for money. He said manager of Santa's Pizza Mr Ishrat Mehdi had built up a good rapport with local people in a very short space of time.

Mr Mehdi went to university in London to study business studies for two years before taking over the shop nine months ago and has been able to put his theory into practise. He said that the hard work of his staff had been recognised because of the award.

Mr Bowman said: " We have no doubts whatsoever on presenting Santa's with our prestigious award and are glad that they have received the publicity that they deserve after the hard work that they have put into their business."
